# Good Bye

This year has come and gone so fast, and there are many thank you's I would like to give for all of the hard work and effort not only put into the yearbook, but from all of the staff and students at Cambridge High School.

First, I would like to thank Mrs. Anderson for putting so much time and effort into this yearbook, and for having patience with all of the new staff members this year. From learning the new program, working the concession stands, and finding sponsors I would like to thank all who helped with the yearbook. This yearbook would be nothing without your help, thank you for all you do!

To the student's this year, thank you for ordering the new high school spring yearbooks along with your yearbook. To the teachers and the staff members, your help this year with students has been very thoughtful, although you all do not get enough credit for it, everything you do is appreciated.

Seniors, the past four years have seemed to fly by, and it's crazy to think you are all moving on with your lives. High school was just a stepping stone in your path to success, but we hope you always remember the pebbles along the way, good luck to all of you!

Your Co-Editor,  
Hailey Clark

Now that the year is almost over, it's time for a few thank you's. First, thank you to the yearbook staff. Without you this yearbook wouldn't be possible. This year has been very busy for the yearbook, from working all the concession stands and face painting booths, learning the new design program, and trying to meet all deadlines, you have all been working very hard, and I cannot thank you enough for your effort. Mrs. Anderson, thank you for putting so much time into making sure we have a successful yearbook, and, of course, thanks for always making sure the snack drawers are stocked! To the sponsors, thank you for donating to our yearbook to help keep it affordable, your support is greatly appreciated!

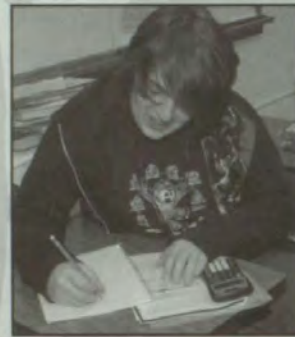

To the students, thank you for purchasing this year's yearbook, and for ordering the new spring memory book. To the teachers and staff, thank you for always being there for your students, and for not minding when the yearbook staff popped in every now and then to take some pictures.

To the seniors, best of luck with everything you do! I hope your future is full of success and happiness. No matter how far you go, never forget where you came from.

Your Co-Editor,  
Dana Brock
