DEDICATION

This yearbook is dedicated to Mr. Bob Baylor, Mr. John Knox, and Mr. Don Mungerson. Mr. Baylor worked at Cambridge for 32 years, including 26 years at the grade school and 6 years at the high school. Mr. Baylor has taught algebra, practical math, freshmen science, applied math, physical education, biology, fifth grade science, sixth grade science, spelling, and social studies. He has also coached sophomore football, Jr. High track, seventh grade basketball, and has been the only wrestling coach Cambridge has ever had. In 1979, Mr. Baylor coached Dale Schmachl in the state championship. According to Mr. Baylor, he enjoyed working with the students and getting the best out of them. Seeing the success of former and current students in sports, as well as academics, are some of Mr. Baylor's highlights. Throughout the years, Mr. Baylor has noticed changes in the respect given by students, and their family lives.

Mr. Knox worked at Cambridge for 33 years. He began teaching English classes. As time went on he began to teach computer science classes. He ends his career with working solely as the district technology specialist. The biggest change Mr. Knox has seen in his career was in technology becoming much more user-friendly. While at Cambridge Mr. Knox coached golf for 25 years. He has many great memories of all the golfers but he will always remember the year Mishelle Reed won state and the years his children went to state both on their own and with the team.

Mr. Munsinger has been at Cambridge High School since 1963. He started out as a math and science teacher and then switched to guidance counseling in 1970. Mr. Munsinger has enjoyed his years as a counselor. There is always variety in the job. It has been interesting for him to see former students come back as parents. He will miss the camaraderie of faculty and staff at CHS and the antics of the students but plans to enjoy his granddaughter and golf.

On behalf of the student body, we would like to thank Mr. Baylor, Mr. Knox, and Mr. Mungerson for their hardwork and dedication to CHS and the students of Cambridge. Good luck on your retirement.

9-11

What were you doing on 9-11?

- On a walk in P.E. with Mr. Skelton.
- Getting a collarbone X-ray.
- In Modern Problems with Mr. Denison watching it on T.V.

How did 9-11 affect you?

- Opened my eyes on how things can go so bad so fast.
- It made me not want to take things for granted.
- I found out how heroic firefighters and policemen are.

What was your first reaction to 9-11?

- I was angry at the terrorists and sad for the families of the W.T.C. victims.
- It was devastating. I couldn't believe it was happening.
- My mouth dropped.

DUSTY MEDLEY (1983-2001)

"February 15, 2001 is a day the senior class will never forget. That was the day we lost a friend to cancer. Even though he is gone, Dusty gave us many memories and was an inspiration to us all. During his battle with cancer, Dusty never changed his attitude; he was always laughing and smiling. Even on his worst days he would still be in good spirits. That is how we will all remember Dusty. Although we lost a good friend, we gained a guardian angel; we will meet up with him again in Heaven someday."

The 2001-2002 Viking Staff has been burrying to complete the yearbook. Obviously, we finally finished. We would like to thank Mrs. Brandau for putting up with us, Kathy Stromquist, our photographer, and Kerry Hanraban for being our representative. A special thanks goes out to you for buying this yearbook.

Many things have changed over the past year. The terrorist attacks have changed the feelings of many Americans. Memories have been made and will only be remembered now. We would like to wish the best of luck to the 2002 graduating class, and hope they have the greatest success. We will miss you!
